 - d) Using sauna room will cause unconsciousness if over drunk or over taken medicines.
 - e) Please contact maintenance person if sauna room has problems.
 - f) Disconnect sauna room power supply from wall socket before maintaining.

THE MANUAL MUST BE KEPT AVAILABLE FOR FUTURE MAINTENANCE.

1. Introduction

We welcome you to the most affordable traditional sauna in the nation! We also congratulate you on your new path to better health! Thousands of users enjoy the benefits of traditional saunas every day. Traditional saunas help you burn calories, reduce toxins, relieve pain and even clear complexions. Now you can enjoy the great benefits of traditional heat within the privacy of your own home.

We strive to deliver superior home health products at an affordable price. Our list of clients grows daily and we believe that your success is our success. Our staff has over 15 years of combined professional experience and is ready to provide you with excellent customer service.

2. Health & Beauty Benefits

Relieve pain : The heat energy of our traditional sauna accelerate the blood circulation and supply more oxygen to the body. Increased blood circulation diminishes inflammation, relieves pain, and speeds up recovery. Traditional saunas have also been used to treat bursitis, rheumatism, arthritis, and hemorrhoids. Increased blood circulation not only alleviates internal ailments, but also skin conditions such as psoriasis, eczema and scars. Good circulation is essential for smooth and firm skin.

Burn calories & fat : The steam of the traditional sauna eliminate extra salt and subcutaneous fat. Burn up to 600 calories in one half hour session versus a half hour of jogging which burns 300 calories, and a half hour of cycling burns 225 calories.

Relax your body and mind : It supplies you for a special environment with 30°C-85°C. It passes through your body, speed the metabolism, accelerate the blood circulation, bring the fresh oxygen and nutriment into the organization, the rubbish expel from body along with the sweat, renew the energy quickly, then relieve tiredness.
